# **WE'RE HERE TO ANSWER YOUR QUESTIONS.**

**Why should I choose Skillsiya?**

**What will I get in this course?**

**Do mentors have real-world experience?**

**What will I learn here?**

**Will this course provide job assistance?**

**Is there a certificate after completion?**

**What if I have doubts during the course?**

**I'm in! How should I sign up?**

# WHY SHOULD I CHOOSE SKILLSIYA?

## Our Mission

At Skillsiya, our mission is to teach high-paying, in-demand skills in a **fully practical way, guided by top industry instructors, at affordable prices**. We make learning accessible, actionable, and career-focused so that every student can succeed.

## Proven Track Record

**36,000+** students have already enrolled. Our YouTube channels are nearing **1 million subscribers** thanks to high-quality, practical content.

## Up-to-Date Curriculum

All courses are **regularly revised to match the latest** industry trends, keeping your skills future-ready.

## Flexible, Self-Paced Learning

Learn at your own pace – **enroll anytime, study anywhere, and access courses for 5 years with regular updates**.

# WHY SHOULD I CHOOSE SKILLSIYA?

Skillsiya is a **government-registered edtech company**, officially known as SKILLSIYA ELEARNING LLP.

It was registered on 22nd December 2021 under the Ministry of Corporate Affairs, Government of India. Since then, Skillsiya has become a trusted and fast-growing Hindi-based learning platform,

## Industry-Experienced Trainers

- **Tech Courses** – Trainers from IIT Delhi with 5+ years of hands-on experience
- **Marketing** – Digital Marketing Consultant & Mentor | Google & Facebook Ads Certified | \$5M+ Ads Spend Experience
- **Animation & Design** – Trainers with 18+ years experience & 23+ awards

# DO MENTORS HAVE REAL-WORLD EXPERIENCE?

Krish Singh

**Data Scientist | Trainer | Mentor**

**M.Tech in Data Science & Machine Learning – IIT Delhi**

Krish Singh is a Data Scientist and Trainer with 5+ years of experience, currently working in Kolkata at a leading American MNC. He has trained 3,000+ students globally, making complex data analytics, machine learning, and AI concepts simple and practical for learners from beginner to advanced levels.

## Key Highlights:

-  5+ years of experience as a Data Scientist & Trainer
-  M.Tech in Data Science & ML from IIT Delhi
-  Specialized in Python, SQL, Machine Learning & AI Tools
-  Personalized teaching style — guiding students from beginner to advanced levels
-  Mentored 3,000+ global students and professionals
-  Emphasis on practical, hands-on learning that can be directly applied in the industry

**With Krish Singh, you won't just learn theory — you'll acquire real-world data skills, work on projects, and gain the confidence to build a successful career in analytics, machine learning, or AI.**

# WHAT WILL I LEARN HERE?

s course me aap Data Analytics ka complete roadmap basic se advanced tak step-by-step seekhenge. Real-world examples aur hands-on practice ke saath aap tools samajhne ke saath business problems solve karna aur apna portfolio banana bhi seekhenge. Saath hi latest Generative AI modules cover honge, aur agle 5 saal tak continuous updates milte rahenge – taaki aap hamesha industry-ready rahen.

## You Will Get

### You will get

-  **90 Days | 90 Hours of Expert Training ( Full HD Recorded Class)**
-  **4+ Industry Real Data Projects** (Healthcare, Finance, E-commerce, Agriculture)
-  **12+ Live Doubt Clarification Recordings Access**
-  **Dedicated Forum for Doubt Solving**
-  **Job Assistance:** Interview Prep, Resume Building, and Job Search Tips
-  Get a **FREE virtual Internship** with Accenture through the Forage
-  **Assignments & Downloadable Resources**
-  **Verified Certificate,**
-  you'll get help to earn a free IBM certification and badge to boost your resume
-  **Learn from Working Trainer (Project-Based Full-Practical Learning)**
-  **5 Tools Covered ( Python, Excel, SQL, Power BI and statistics)**
-  **Course Access, Class Pdf Notes, Assignments, Available for 5 Years!**
-  **AI Lectures Included:** Generative AI and ChatGPT for Data Analytics
-  **Learn in Hindi**
-  **Practice Real-Time Coding on Our Website with Course Assignments.**

## 7 Essential Data Analyst Skills

SQL

Python

Data  
Visualization

Microsoft  
Excel

Critical  
Thinking

Math and  
Statistics

Communication

**Learn from IIT Delhi's Working Data Scientist, bringing real-world insights directly to you!**

## 7 Essential Data Analyst Skills

Is course me aapko Data Analyst banne ke liye zaroori 7 skills sikhayi jayengi:

- ✓ **Python** – Data cleaning, automation aur analysis ke liye ek powerful programming language.
- ✓ **SQL** – Data ko efficiently store, retrieve aur manipulate karne ke liye sabse important skill.
- ✓ **Microsoft Excel** – Advanced formulas, pivot tables aur data manipulation techniques seekhna.
- ✓ **Data Visualization** – Power BI, Tableau jaise tools ka use karke complex data ko simple charts aur graphs me dikhana.
- ✓ **Critical Thinking** – Data se valuable insights nikalne aur logical decision-making skills develop karna.
- ✓ **Math & Statistics** – Data analysis ke liye probability, mean, median aur statistical modeling seekhna.
- ✓ **Communication** – Analysis ko effectively present karne aur business decisions me madad dene ki skill.

🚀 Yeh course aapko in sab cheezon me expert banayega, taaki aap ek successful Data Analyst ban sakein!

## Module-wise course syllabus

### Modul: 1

#### Intro & Getting Started with Data Analytics

- How to Make the Most of This Course (19:00)
- Aapka 24x7 Instant Doubt Solver ⚡
- Welcome to the Course
- Day 1: Introduction to Data Analytics (54:00) + Class Notes PDF

### Modul: 2

#### Python for Data Analytics

- Installation Guide: How to Install Jupyter Notebook & Anaconda (2:00)
- Day 2: Python Basics – Variables, Data Types, Operators (76:00)
- Day 3: Conditional Statements & Loops (61:00)
- Day 4: Functions in Python (54:00)
- Day 5: Python Advanced Topics + Practice (126:00)
- Day 6: More on Python Programming (128:00)
- Day 7: Live Doubt Solving Session (62:00)
- Day 8: Python Practice Session (58:00)
- Day 9: Pattern Printing, Bill Generation (67:00)
- Day 10: Python Projects – Mini Assignments (118:00)
- Day 11: Advanced Python – Iterations & Logic Building (109:00)
- Day 12: Problem Solving with Python (54:00)
- Day 13: Live Doubt Solving Session (76:00)
- Day 14: Python String Manipulation (47:00)
- Day 15: Python File Handling + Practice (116:00)
- Day 16: Object-Oriented Programming – Basics (47:00)

- Day 17: Python OOP – Classes & Objects (58:00)
- Day 18: Inheritance & Advanced OOP Concepts (53:00)
- Day 19: Constructors & Dunder Methods (48:00)
- Day 20: Python Practice Session (115:00)
- Day 21: Python Revision + Problem Solving (116:00)
- Day 22: Assignments Discussion + Coding Practice (50:00)
- Day 23: Python Practice with Projects (69:00)
- Day 24: Python Final Practice Session (67:00)
- Day 25: File Handling + Essential Libraries for Analytics (139:00)
- Day 26: Decorators + Constructors + Python in OOPs (133:00)

## Modul: 3

### NumPy & Pandas

- Day 27: NumPy Basics (70:00)
- Day 28: NumPy Advanced (71:00)
- Day 29: NumPy + Data Cleaning Techniques (146:00)
- Day 30: Pandas – Introduction & Basics (127:00)
- Day 31: Pandas – Intermediate Concepts (69:00)
- Day 32: Pandas – Advanced Topics (77:00)

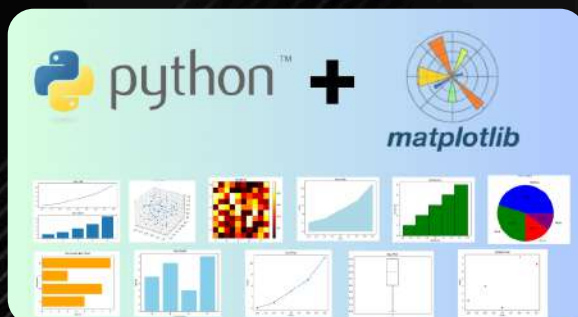

- ✓ Python Installation - Windows
- ✓ Python Installation - Linux
- ✓ Python Installation - Mac
- ✓ Variables
- ✓ Numbers
- ✓ Strings
- ✓ Lists
- ✓ If Condition
- ✓ For Loop
- ✓ Functions
- ✓ Dictionary and Tuples
- ✓ Modules and Pip
- ✓ File Handling

- ✓ Classes and Objects
- ✓ Inheritance
- ✓ Exception Handling
- ✓ Pandas Introduction and Installation
- ✓ Dataframe Basics
- ✓ Read, Write Excel and CSV Files
- ✓ Handle NA values
- ✓ Group by
- ✓ Concat and Merge
- ✓ Data Exploration
- ✓ Data Cleaning
- ✓ Data Transformation
- ✓ Insights Generation

## Modul: 4

### Data Visualization

- Day 33: Matplotlib – Data Visualization Basics (56:00)
- Day 34: Matplotlib Advanced + Intro to Statistics (122:00)

## Modul: 5

### Mathematics & Statistics for Data Analytics

- Day 35: Statistics – Descriptive Basics (119:00)
- Day 36: Statistics – Probability (61:00)
- Day 37: Statistics – Distributions (65:00)
- Day 38: Statistics – Hypothesis Testing (96:00)
- Day 39: Statistics – Correlation & Regression (70:00)
- Day 40: Statistics – Advanced Concepts (67:00)

## Modul: 6

### Real-World Projects

- Day 41: Project 1 – Agricultural Data Analysis (115:00)
- Day 42: Project 1 (Contd.) – Agricultural Dataset (112:00)
- Day 43: Project 2 – E-Commerce Sales Analysis (77:00)
- Day 44: Project 2 (Contd.) – E-Commerce Sales Analysis (56:00)

# Modul: 7

## Databases & SQL

- Day 45: Introduction to Databases (55:00)
- Day 46: MySQL Basics (50:00)
- Day 47: SQL Fundamentals (56:00)
- Day 48: SQL Queries & Joins (53:00)
- Day 49: MySQL – Advanced Queries (105:00)
- Day 50: SQL Functions + Practice (60:00)
- Day 51: SQL Advanced – Case Studies (106:00)
- Day 52: SQL Window Functions + Projects (104:00)
- Day 53: SQL Views, Save Tables & Functions (57:00)

- ✓ Install MySQL: Windows
- ✓ Install MySQL: Linux, Mac
- ✓ Retrieve Data Using Text Query (SELECT, WHERE, DISTINCT, LIKE)
- ✓ Retrieve Data Using Numeric Query (BETWEEN, IN, ORDER BY, LIMIT, OFFSET)
- ✓ Summary Analytics (MIN, MAX, AVG, GROUP BY)
- ✓ HAVING Clause
- ✓ Calculated Columns (IF, CASE, YEAR, CURYEAR)
- ✓ Joins (INNER, LEFT, RIGHT, FULL, CROSS)
- ✓ Join More Than Two Tables
- ✓ Subqueries
- ✓ ANY, ALL Operators
- ✓ Correlated Subquery
- ✓ Common Table Expression (CTE)

- ✓ Primary Key
- ✓ Foreign Key
- ✓ Entity Relationship Diagram – ERD
- ✓ INSERT, UPDATE, DELETE Statement
- ✓ ETL, Data Warehouse
- ✓ OLAP vs OLTP, Data Catalog
- ✓ Fact vs Dimension Table
- ✓ Star vs Snowflake Schema
- ✓ Data Import
- ✓ Simplified: What is Kanban?
- ✓ User-Defined Functions
- ✓ Stored Procedures
- ✓ Database Views
- ✓ Window Functions OVER Clause, ROW\_NUMBER, RANK, DENSE\_RANK
- ✓ Database Triggers
- ✓ Database Events

# Modul: 8

## Excel for Data Analytics

- Day 54: Advanced Excel – Functions (58:00)
- Day 55: Advanced Excel – Practice (56:00)
- Day 56: Excel Pivot Tables & VBA Macros (85:00)

- |   |  |
|---|--|
| <input checked="" type="checkbox"/> Excel introduction                                | <input checked="" type="checkbox"/> Merging Data                         |
| <input checked="" type="checkbox"/> Formulas  | <input checked="" type="checkbox"/> Adding New Columns                   |
| <input checked="" type="checkbox"/> Tables  | <input checked="" type="checkbox"/> Loading Power Query Data to Excel    |
| <input checked="" type="checkbox"/> Charts  | <input checked="" type="checkbox"/> Report creation                      |
| <input checked="" type="checkbox"/> Essential features                                | <input checked="" type="checkbox"/> Pivot Table options and formatting   |
| <input checked="" type="checkbox"/> Cleaning bad data                                 | <input checked="" type="checkbox"/> Power Pivot and DAX                  |
| <input checked="" type="checkbox"/> Combining data with VLOOKUP, INDEX MATCH, XLOOKUP | <input checked="" type="checkbox"/> Data modeling                        |
| <input checked="" type="checkbox"/> Basic Maths and Statistics                        | <input checked="" type="checkbox"/> Conditional formatting               |
| <input checked="" type="checkbox"/> Commonly Used Business Metrics (P & L)            | <input checked="" type="checkbox"/> Basics of VBA                        |
| <input checked="" type="checkbox"/> Mean, Median, Mode                                | <input checked="" type="checkbox"/> ETL (Extract, Transform & Load Data) |
| <input checked="" type="checkbox"/> Variance, Standard Deviation                      | <input checked="" type="checkbox"/> Functional Knowledge: Sales          |
| <input checked="" type="checkbox"/> Correlation                                       | <input checked="" type="checkbox"/> User Empathetic Report Design        |
|   | <input checked="" type="checkbox"/> Sales Analytics                      |

# Modul: 9

## Power BI

Power BI

- Day 57: Power BI – Basics (64:00)
- Day 58: Power BI – Visuals (Part 1) (58:00)
- Day 59: Power BI – Visuals (Part 2) (56:00)
- Day 60: Power BI – Filters, Page Navigation & Buttons (33:00)
- Day 61: Power Querying & Modeling (103:00)

- ✓ What is Power BI 3.0
- ✓ Basics of Power Query
- ✓ Simplified: Profit and Loss Statement
- ✓ Data Warehouse, OLTP vs OLAP, Data Catalog
- ✓ Data Exploration
- ✓ Fact vs Dimension Tables
- ✓ Review Finance View Mockups
- ✓ Transform Data in Power Query Editor
- ✓ Create Calculated Columns in Power Query Editor
- ✓ Power Query Best Practices
- ✓ Basics to Advanced DAX
- ✓ M language
- ✓ Data Visualisation - Basic to Advanced Charts
- ✓ Filter, Slicer, Bookmarks
- ✓ Interview Preparation Checklist
- ✓ Toggle Button, Tooltip
- ✓ Data Modelling: Star and Snowflake Schema
- ✓ Report Optimization using DAX Studio
- ✓ Build Finance View
- ✓ Build Sales, Marketing & Supply Chain View
- ✓ Build Key Measures, Calculated Columns
- ✓ 15 Design Rules for an Effective Dashboard
- ✓ User Acceptance Test Report
- ✓ Power BI Service Overview, Report Sharing, and Apps
- ✓ Set Up Automatic Data Refresh
- ✓ Project Portfolio for Your Resume
- ✓ Resume Writing Tips
- ✓ Job Application Tips
- ✓ Interview Tips
- ✓ Tasks based on Power BI monthly updates

## Modul: 10

### Web Scraping & Automation

- Day 62: Web Scraping – YouTube (74:00)
- Day 63: Web Scraping – Websites (75:00)
- Day 64: Web Scraping + Streamlit Project (129:00)

# Modul: 11

## Generative AI for Data Analytics

- Lecture 1: Introduction to Gen AI & Industry Demand
- Lecture 2: Prompt Engineering for Data Professionals
- Lecture 3: Using ChatGPT for Data Cleaning & Preparation
- Lecture 4: Gen AI for Data Visualization & Storytelling
- Lecture 5: Case Studies – AI-driven Business Decisions
- Lecture 6: Hands-on Project: AI-assisted Data Analysis

**Generative AI:**  
**Driving Innovation in**  
**Data Analytics**

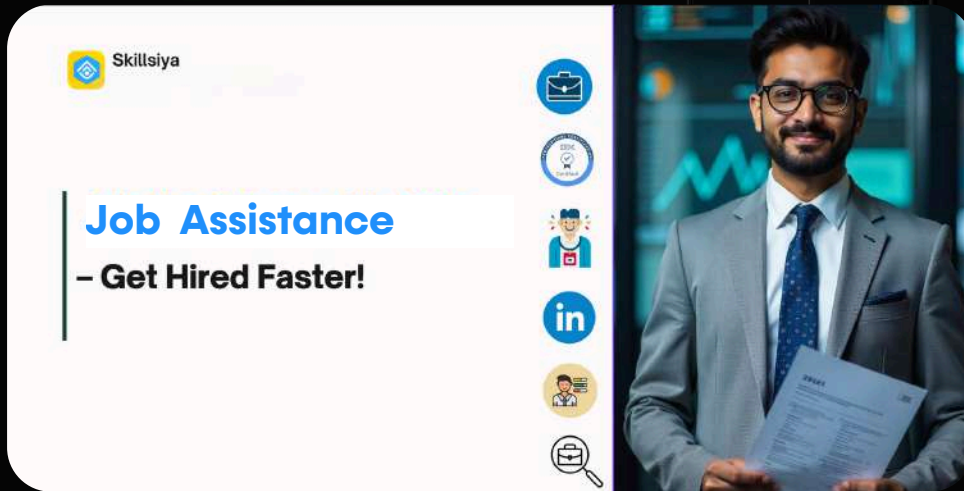

## Learn, Practice & Master

◆ **Lesson-wise Assignments & Class Notes** – Har lesson ke saath aapko assignments aur detailed class notes PDF me milenge, jo aapke learning experience ko aur strong banayenge.

■ **Live Coding Practice** – Hamari website pe aap khud code likh kar **real-time practice** kar sakte ho, jo aapko hands-on experience aur confidence dega.

# WILL THIS COURSE PROVIDE JOB ASSISTANCE?

Yes! Is module ke through aapko job-ready banane ke liye complete career support milega — **from resume building, LinkedIn optimization, interview preparation to real job search techniques.**

Is module ke through aapko **job-ready** banane ke liye **resume building, LinkedIn optimization, interview preparation aur real job search techniques** sikhayi jayengi. Industry experts ke guidance se aap **ATS-friendly resume bana sakenge, real-world projects complete kar sakenge aur free certifications** bhi le sakenge jo recruiters ke saamne aapko **standout** banayenge. Yeh sab aapko **job paane aur career grow karne** me madad karega!

## Skillsiya Job Assistance Module – Get Job-Ready!

- ✅ **Build a Powerful Data Analytics Portfolio** – Showcase your skills with real-world projects.
- ✅ **ATS-Friendly Resume Mastery** – Create resumes that pass AI screenings & impress recruiters.
- ✅ **Get Free IBM Certification** 🏆 – Learn how to earn industry-recognized certifications for free!
- ✅ **Work on Virtual Internships** 🌐 – Gain experience with top brands & boost your resume.
- ✅ **LinkedIn Optimization for Job Search** 📝 – Make your profile stand out & attract recruiters.
- ✅ **Crack Any Interview** 🗣️ – Master essential interview techniques & questions.
- ✅ **Daily Job Search Strategies** 🔍 – Learn smart methods to find real job openings.
- ✅ **Get Shortlisted Faster** 🚀 – Discover insider tips to secure job offers!

# IS THERE A CERTIFICATE AFTER COMPLETION?

✓ Yes! You will get a **valuable Certificate of Completion**.

After finishing the course, you can download your certificate from the dashboard.

It comes with a **unique ID & QR code for easy verification** and can be shared with employers or on LinkedIn.

✦ Along with this, we also guide you to earn free & globally recognized certificates like:

- **IBM Certification and Badge**

## 🎓 IBM Data Analyst Certification Training (via CognitiveClass.ai)

- ✓ **Get a Free IBM Data Analyst Certification** – CognitiveClass.ai offers a **100% free certification** that anyone can earn by passing the test.
- ✓ **Exclusive Training Session** – We provide a **detailed training video** guiding you step-by-step on how to **enroll, prepare, and clear the test easily**.
- ✓ **Earn an IBM-Recognized Certificate & Badge** – Showcase it on **LinkedIn & your resume** to boost your credibility as a Data Analyst.
- 🔥 **Gain Industry Recognition with IBM Certification – Absolutely Free!** 🚀

# REQUIREMENTS

## Requirements

- No prior experience is required. We will start from the very basics
- **Software Installation:** आपको **Anaconda (Jupyter Notebook)**, **SQL**, **Excel**, **Power BI**, install करना होगा. हम step-by-step guide provide करेंगे.
- **Basic Requirements:** Basic computer skills and a computer or PC.
- **Course Validity:** Access course lectures for 5 years. All lectures are available immediately after purchase.
- **Unlimited Views:** Watch lectures as many times as you want. For best experience, use Google Chrome or our Android app.
- **Flexible Playback:** Pause, play, close, or open lectures any number of times.
- **Devices:** Available on Android devices, Windows laptops, Mac, iOS, desktops, or Android tablets.

## Who this course is for:

- You should take this course if you want to become a Data Analyst and Data Scientist
- This course is for you if you want a great career
- The course is also ideal for beginners, as it starts from the fundamentals and gradually builds up your skills

# YOU DON'T HAVE TO, BUT HERE'S WHAT YOU CAN TRUST, THOUGH

# WHAT IF I HAVE DOUBTS DURING THE COURSE?

We Have a 24/7 Doubt-Solving Forum – Get Expert Support!  
To make sure all your doubts are resolved quickly, we offer 3 powerful ways to get help:

## 1. Doubt-Solving Forum

Post your doubts anytime on our forum. Our instructors provide detailed answers within 24 hours so you never stay stuck.

## 2. 24×7 Instant AI Expert Trainer

We've built a latest ChatGPT-5 model specifically for Data Analytics. Just type:

"I'm learning this topic in Data Analytics, and my doubt is..."

The AI will give you the best instant answer, anytime you need it.

## 3. Live Doubt-Solving Recordings

Every 4 days, we record a full live doubt-solving session covering multiple students' queries. You get access to 12 such recordings, so you can learn from real doubts and solutions.

## 4. 24×7 WhatsApp Chat Support

Still stuck? Reach out to us anytime on SkillSiya's WhatsApp Chat Support for direct assistance.

# I'M IN! HOW SHOULD I SIGN UP?

Enrolling is super easy 🙌

1. Go to [www.skillsiya.com](https://www.skillsiya.com)
